

# Hardwood Flooring

*Sophisticated look and durability. The solid floor brings elegance and a classic and natural look to any room. These floors are more suitable for environments in the house where the aesthetics of the house are paramount and free of humidity*

# Hardwood Floors

## Solid Hardwood

- *Classic, sophisticated look that has stood the test of time*
- *Every plank is crafted from solid hardwood, lending a sturdy, substantial feel to a floor*
- *Can be sanded and refinished multiple times*

## Engineered Hardwood

- *The timeless look of real wood flooring at a more budget-friendly price*
- *Highly durable, engineered core and factory-applied topcoat that resists scratches, scuffs, and overall wear*
- *Easy to clean and maintain, engineered wood floors can stay beautiful with regular sweeping and light mopping*
